

1 Begin with a square of paper and fold in half as shown.

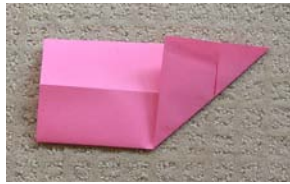

2 Fold edges to the centre line

3 Turn over.

4 Fold at the corner as shown.

5 Fold similarly at the opposite corner.

6 Fold to the centre line to form a square.

7 Unfold slightly to reveal the finished module.

8 Join 4 modules of one colour and 2 modules of another to form a diagonally patterned cube.
