

- 1 Use Maths-Pro or Geo-Pro to draw any triangle.
- 2 Draw a square on two sides of the triangle.
- 3 Find and mark the centre of each square.
- 4 Mark the mid-point of the other side of the triangle.
- 5 Join the square centres to the mid point of the triangle side.
- 6 What is the angle between the line segments drawn in step 5?
- 7 Try steps 1 to 6 for a different triangle.
