

Ten tiles (A – J) are shown below. These tiles may be arranged on a “9 × 9” grid to produce a fascinating optical illusion, where straight borders combine to appear wavy.

Colour the second grid below according to the arrangement described in the first grid to complete the pattern. Note that “B” represents a blank tile.

A	B	C	B	E	B	D	B	A
B	G	B	G	B	H	B	H	B
J	B	G	B	I	B	H	B	J
B	G	B	G	B	H	B	H	B
E	B	D	B	A	B	C	B	E
B	H	B	H	B	G	B	G	B
I	B	H	B	J	B	G	B	I
B	H	B	H	B	G	B	G	B
A	B	C	B	E	B	D	B	A

You could try joining 4 several large grids in a square to form a super grid.
